As a leading art museum in Michigan, the Flint Institute of Arts offers exciting opportunities to support critical thinking, creativity, and visual literacy skills with our homeschool programs. Options include monthly programs and extended three-part workshops for ages three and up.

Our programs are designed to help children:

- Develop observation and critical thinking skills through discussions of works of art in the FIA galleries.
- Deepen understanding of artistic techniques, tools, and media.
- Investigate ways in which the visual arts convey the human experience.
- Engage in conceptual, imaginative, and creative play.

Homeschool programs meet on Monday mornings. Children are divided into groups by age. Self-guided options accompany each program.

The registration deadline for each program is one week before the start of the program. Refunds are not given after the first class meeting. A 50% charge will be withheld for cancellations made within four days prior to the start of the program.

Storytime with Art Monthly Programs

Ages 3-5 | Mondays 9:45a-11:00a |
\$5 per class or \$40 for entire series

Children investigate art materials, listen to children's literature, and look at and talk about works of art. In the studio, they learn through discovery and strengthen the problem-solving and visual expression skills they need to be successful in school and in life. Parents who wish to attend and work alongside their child need to register as well.
