

Art School Scholarship Application

FIA Art School Scholarships are made possible through the generosity of many organizations and individuals who believe that quality art experiences should be available to everyone regardless of their financial circumstances. Scholarships are offered to those students who could not otherwise afford to take classes at the FIA. Scholarships are granted to eligible students on a first-come first-served basis while funding remains.

The Flint Institute of Arts is a non-profit, equal opportunity employer, and provides programs and services without regard to race, color, religion, national origin, age, gender identity, or ability.

- Write in your household income and include a copy of your household's most recent Federal Income Tax Return or other official proof of income
