## About the Flint Institute of Arts

Incorporated in 1928, the FIA is a privately supported, non-profit organization. It is one of Michigan's most significant cultural and educational resources, serving people of all ages and interests.

The Institute is supported entirely through memberships, sales, rentals, admission and tuition, contributions from individuals and businesses, earned income from endowments and grants from trusts, government, and foundations.

The Institute's collections and temporary exhibitions are open daily (except national holidays). Art classes for adults and children, lectures, films, tours and other special events are also offered as an integral part of the Institute's educational mission.

The Flint Institute of Arts is an Equal Opportunity Employer and provides programs and services without regard to race, color, religion, national origin, age, sex or handicap.

The Flint Institute of Arts is tax-exempt under Section 501 (c) (3).

## Mission

To advance the understanding and appreciation of art for all through collections, exhibitions, and educational programs.

# President's & Executive Director's Report

As we began the 2016–17 fiscal year at the Flint Institute of Arts, filled with expectations for the unusually challenging year ahead, I couldn't help but think of Jim Barksdale, Netscape's business guru, who is known for his profound advice on planning for the future while continuing to operate at a high level. In one of his speeches he made this statement, "The main thing is to keep the main thing the main thing." And, in another, he said, "You cannot manage what you cannot measure."

Simple concepts but not always so easy to achieve. The main thing he's talking about is not letting other things distract you to the point that you don't achieve your primary goal—or at least not very well. This year, of course, the main thing at the FIA was to research, plan and build a 22,120 sq. ft. gallery and studio addition while maintaining our full schedule of programs and events. We started with a groundbreaking ceremony in June of 2016 and by this June we were well underway pouring foundations, raising steel, equipping glassmaking studios and designing gallery installations.

By the end of the year, we had achieved more than we planned and our numbers were up. Construction was on budget and on time and we successfully managed our routine (and new) programs and special events with measurably high results. Our endowments were up 4% and we ended the year in the black. We began two fundraising campaigns to increase capital and endowment. Fundraising was exceptionally robust starting with a lead gift of \$8.5 million from the C. S. Mott Foundation to begin the construction project. Twenty-seven grant applications were approved totaling \$2,766,000 with another six still pending. We registered

President Dean Yeotis and Executive Director John B. Henry

an all time high 2,800 members, enrolled 1,400 students in the art school resulting in 12,000 encounters and engaged 38,000 students in our in-reach/outreach programs. The Community Gala, Wine Tasting, and Art on Tap were all great successes and The PARTY: An Artrageous Affair had its best year, netting \$43,000. As always, The Friends of Modern Art and the Founders Society raised funds and made new friends for the FIA with a very creative Art Fair adding college student exhibitors, and the popular First Frost Arts & Fine Crafts Fair.

The Curatorial Department was busier than ever, processing 175 new gifts to the collection including 17 works in the Dr. Robert and Deanna Harris Burger contemporary ceramics collection. In preparation for the opening of the new gallery wing, the staff began research, writing and photography for an exhibition catalog featuring 147 works in the Sherwin and Shirley Glass Collection, all while installing nine exhibitions in other galleries, eight of which were curated in house. And, between September and June, the FIA film series presented 45 films that attracted 8,749 viewers.

The FIA encountered 155,000 visitors overall during the year and our newly launched website attracted 65,595 users, 340,134 pageviews, and 107,774 sessions (active engagement by a visitor). A good part of our success in reaching our audiences can be attributed to the addition of a new public relations position and a new marketing director. The Visitor Services Department also expanded to provide even greater attention to the safety, comfort and satisfaction of our visitors.

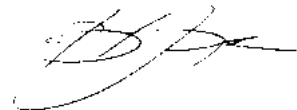

Nothing could be accomplished at the FIA without the help we receive

from so many generous people. We are extremely grateful to our donors listed on pages 31 through 37 and we want to take this opportunity to thank each and every one of them again for their financial support at the time when we needed it the most. Our dedicated volunteers, the Friends of Modern Art, Founders Society, and Docents make their important contribution of time and energy to plan and staff our special events. And the FIA Board of Trustees whose collective judgement and commitment connects the Institute with the community they represent. Lastly, we must express my deepest appreciation to our highly skilled and seemingly tireless staff. Their ability to turn their knowledge and creativity into all that's tangible at the FIA is second to none.

# Exhibitions

Exhibitions are the most visible programming activities at the Flint Institute of Arts, increasing attendance and stimulating art appreciation. The FIA strives to curate exhibitions in-house and host a variety of exhibitions on loan to meet the museum's mission of promoting understanding and appreciation of art for all. This fiscal year saw a wide range of excellent and innovative exhibitions to inspire, enlighten, and educate our visitors. From the history of printmaking to the art of jade, exhibitions explored a wide range of artistic concepts and cultures. To this end, the FIA presented 11 major exhibitions with works from the museum's permanent collection as well as loaned work from museums, galleries, and private collectors throughout the country.

Art featured in the exhibitions held this year ranged in media from 19th century sculpture to large-scale photographs of local women. As much as the media varied, so did the histories and stories surrounding the works, allowing us to reach a broader audience than ever before.

At the end of the 2016 fiscal year, *Function, Form and Fantasy: Ceramics from Dr. Robert and Deanna Harris Burger Collection* introduced viewers to the world of contemporary ceramics with works that ranged from functional vessels to figurative sculptures. While that exhibition focused on artwork from the last 50 years, *Clay Through Time: Ancient to Contemporary Ceramics* expanded the timeline of this versatile medium to explore how clay objects have developed throughout the centuries. *Moving Toward the Light* featured monumental paintings that celebrated flora and fauna by artist Joseph Raffael. His watercolors enlivened the graphics gallery all summer.

The fall season opened with *Pressed for Time: The History of Printmaking*, a large survey of the four major processes of printmaking: relief, intaglio, planographic, and stencil, from the 15th century to the 21st. The exhibition drew heavily from the collection of the FIA, with additional loans from the Kalamazoo Institute of Arts as well as private collectors. Curator Emerita Nancy Sojka of the Detroit Institute of Arts gave a lively discussion on the accomplishments and innovations of artists working in printmaking. Another exhibition assembled from the permanent collection titled *Drawn to the Figure* explored a number of artists from the 15th through the 21st century who have taken the human form as their subject. In the Ann K. Walch-Chan Gallery, over 70 intricately carved jade objects were presented in *Art of Jade*. Because of the stone's beauty, strength, and rarity, jade artworks have become symbols of social identity, hierarchy, status, wealth, and power in both China and Mesoamerica, the two cultures featured in this

exhibition. The year ended with *Work on Paper*, an exhibition that recognized the 80th anniversary of the 44-day sit-down strike at the General Motors Fisher Body Plant that began on December 30, 1936, by presenting prints and drawings that related to labor, workers' rights, and protests.

Large-scale black-and-white portraits of local women adorned the museum walls in January with the opening of *Women of a New Tribe*. Photographer Jerry Taliaferro spoke at the Community Gala about his quest to capture the spiritual and physical beauty of African American women. Drawn from the FIA's permanent collection, *Reaction: The Art of Social Commentary* featured works on paper that explored themes of war, financial crisis, union organization, racial violence, sexism, fascism, and other political and social issues around the world.

Springtime ushered in two intriguing exhibitions that dealt with the human form. *Rodin: The Human Experience, Selections from The Iris and B. Gerald Cantor Collections* showcased works by one of the most well-known sculptors of the 19th century, Auguste Rodin. Executive Director of the Iris & B. Gerald Cantor Foundation Judith Sobol gave an anecdote-filled discussion on the creation of Iris and B. Gerald Cantor's Rodin collection, from its beginnings just after World War II to the 1990s. Intriguing self-portraits from the FIA's permanent collection were on display in *Self Expression*. The exhibition was organized and curated by University of Michigan-Flint students from Dr. Sarah Lippert's Museum Studies course.

# Films

The FIA Film Program is intended to offer motion pictures that appeal to a broad and diverse audience in the local community. The program is comprised primarily of a weekly schedule of film series and festivals in the FIA Theater. The main series, sponsored by the Friends of Modern Art and held on Fridays, Saturdays and Sundays, accounted for 45 titles over 38 weeks from September 2016 until June 2017.

A total of 8,749 patrons attended all film events at FIA in 2016–17. In its eighth year, the FIA Film Society continued to engage members to take a stronger interest in the program.

Among the films shown at FIA in 2016–17 were *Moonlight*, the 2016 Academy Award winner for Best Picture; *The Salesman*, the drama from Iran that won the Academy Award for Best Foreign Language Film; and Oscar-nominated films like *Hell or High Water* (U.S.), *I Am Not Your Negro* (U.S.), *20th Century Women* (U.S.), *Land of Mine* (Denmark), *A Man Called Ove* (Sweden), *The Red Turtle* (France), and *Toni Erdmann* (Germany).

An occasional Thursday night adjunct film series – this season spotlighting films about music and musicians – supplemented the weekend schedule. Among the subjects in the series of documentaries and scripted features were Hank Williams, Miles Davis, Prince, Iggy Pop and The Beatles.

In addition to the FOMA-funded titles, the FIA partnered with the Flint Jewish Federation for the 13th annual Karen Schneider Jewish Film Festival of Flint and with the local nonprofit Communities First for the second season of a four-title series of African American-themed films.

## Special Events

### FIA Film Society Preview

August 30. Ed Bradley and Michael Rucks presented a preview of the Friends of Modern Art series, with film clips. 118 people attended.

### Karen Schneider Jewish Film Festival of Flint

April 30-May 4. In the 13th annual local event—a spinoff of the Detroit-based Lenore Marwil Jewish Film Festival—five feature-length films and one short were shown in a co-sponsorship with the Flint Jewish Federation. Screened were *On the Map*; *Harmonia*; *Life, Animated*; *Joe's Violin*; *The Women's Balcony*; and *The Last Band in Lebanon*. During an April 20 preview event, the feature *Fanny's Journey* was shown. 487 people attended in all.

## Film Society

The 2016-17 season marked the eighth year of the FIA Film Society, a group formed to increase interest in, and funding for, the film program.

By season's end, the society included 78 members and sponsors. Most of them were at the basic membership level of \$100, which granted the donor 36 tickets to FOMA films, listings in the FIA Members Magazine and Annual Report, and access to monthly e-mailed newsletters about upcoming movies.

Higher sponsorship levels gained donors listings on screen before each film presentation, extra tickets and a presence on the FIA website.

Patrons who chose to use all or most of their 36 tickets for the \$100 level saved a good deal of money over paying the standard admission fees. This has proven to be a good incentive for people to come to the films.

*FOMA Film series are sponsored by:*

# Videos

The Fleckenstein Video Gallery is a distinctive museum space dedicated to the exhibition of outstanding works by video artists. The gallery operates all day, every day the museum is open, and features a different artist each month. This year, 11 videos touched on themes of pop culture, isolation, the human body, and much more. The gallery is ideally suited for single-channel videos that are played on a continuous loop and are projected onto a 10x12 feet screen as well as small video installations.

# Acquisitions

The Flint Institute of Arts' permanent collection is a resource for creating exhibitions and developing educational programs for a diverse public, including scholars and students.

The growth of the collection is supported by gifts from civic-minded individuals who donate funds or works of art to the permanent collection. In addition, the Curatorial Department and the Collections Committee work together to identify strategies and seek new funds for the acquisition of artworks that meet museum objectives and the expectations of an ever inquisitive and knowledgeable public. The staff conducts work essential to the care and management of the collection, including research, documentation, preservation, presentation, and interpretation.

# Loans

The Flint Institute of Arts believes an effective way to enhance its reputation as an important cultural institution is to lend works of art from its permanent collection to other museums. Lending art promotes collegial relationships between museums, and provides national and international audiences exposure to works of art from the FIA's outstanding permanent collection. In addition, the FIA also borrows works from other museums, galleries, and collectors to supplement its permanent collection and exhibitions.

## Loans from the Permanent Collection

The following artworks were on loan from the FIA to the following exhibitions:

# Publication

To investigate an object in its collection, contextualize it in an exhibition, and record the exhibition with precise data and perceptive observations is perhaps the most significant function a museum can perform. In 2016–17, the FIA published a book relating to its permanent collection: *Women of a New Tribe*, an exhibition which opened the 10th Annual Community Gala.

The *Women of a New Tribe* exhibition featured photographs of local African American women by artist Jerry Taliaferro. The community was invited to submit nominations for these women, with 110 nominations received and 50 picked randomly. In July and August, Mr. Taliaferro traveled to Flint from North Carolina to photograph these local women, which were also published in this catalogue.

# Education

The Flint Institute of Arts is committed to promoting understanding and enjoyment of the visual arts through high-quality art education programs. We believe art is a vital component of life and that learning is a lifelong process. Our educational programming provides dynamic and enriching experiences for people of all ages with all levels of familiarity with art.

Our programs invite people to gain greater understanding and enjoyment of the FIA's outstanding permanent collection and special exhibitions. Designed to present learning opportunities that are rich in content, these programs stimulate imagination, thought, and creativity.

Education programs served a total of 54,568 during the fiscal year, a 17% increase over 2016.

## K-12 Programs

PreK-12 programs served 38,239. Sixteen percent participated in gallery lessons, 15% in studio activities, 68.5% in outreach programs, and 0.5% in self-guided visits/other. Eighty-seven percent of students attended public schools, 5% private schools, and 8% homeschool/charter schools, with 93% of the schools located in Genesee County. The remaining 7% of schools served were from Lapeer, Oakland, Saginaw, Sanilac, Shiawassee, St. Joseph, Tuscola, and Washtenaw counties.

## Docents

Docents are integral to the Education department. Fourteen volunteers were involved in the docent program in 2016–17 fiscal year. They participated in intensive training sessions from September through May. Docents assisted with 482 gallery and studio programs and served 7,221 people, resulting in 1,446 hours of service. In addition, eight people participated in new docent training.

# Art School

The FIA Art School is dedicated to the enrichment of the community through individual academic exposure to the visual arts. Highly qualified faculty offer instruction in drawing, painting, photography, animation, fibers, ceramics, sculpture, pre-college portfolio development (PDP), film appreciation, and early childhood art courses. Since 1928, the Art School has operated continuously, helping students develop a wide range of artistic goals and skill levels. Programs are designed to support the mission of the FIA with dynamic curricula that engages students and the community through creative processes, studio experiences, and gallery exhibitions.

## Programming

The Art School continued hosting free family activities as a means of engaging the community in free, art-based projects. A total of 961 adults and children attended these events that included the Cultural Center's Four Days of Family Fun, Holiday Walk, MLK Day Celebration, and several other in-house events held at the FIA.

Youth members were invited to three special activities led by early childhood specialist Rebecca Andrus. 50 members between the ages of 5 and 12 studied and created snowman paintings in the style of Vincent Van Gogh. Other projects included making birdhouse cottages and Day of the Dead clay masks.

The FIA collaborative *Healing Through Art Therapy* program with McLaren Flint generated 58 encounters during the 2016-2017 fiscal year with art therapist Gail Singer.

The Art School partnered with the Food Bank of Eastern Michigan to produce more than 1,700 handmade ceramic bowls for the Food Bank's annual Empty Bowls Project, which helped raise over \$40,000 to combat hunger in Genesee County.

During the fall of 2016, the Art School collaborated with Mott Middle College, Red Ink/ Flint Local 432, and the Flint Public Library to bring New York City-based visual theatre artists Concrete Temple Theatre to Flint for a series of workshops, lectures, and performances. Concrete Temple worked with our Portfolio Development Program students, offered a free Youth Member activity, and presented their original theatre piece, *Geppetto: Extraordinary Extremities*, to 60 people in the FIA Theatre.

In February, the Pre-College Portfolio Development Program welcomed 26 new students. This was the PDP's largest incoming class to date. The PDP program has added new opportunities for students, including visits to the FIA by

representatives from college art programs, including Milwaukee College of Art and Design and Bowling Green University. Students and parents were also invited to participate in two free bus trips this year. The first was to the National Portfolio Day held at the College for Creative Studies in Detroit. The other was for an information session and campus tour at the College for Creative Studies.

The Sixth annual Lego Competition was held on March 11, 2017. 155 children in grades K-12 submitted original creations for the competition. 1,251 people attended the event, which included hands-on building activities in the Art School studios, an exhibition of LEGO sculptures in the Art School, and a screening of the LEGO documentary in the FIA Theater. With support from Dr. David Taylor, Dr. Shawn Reiser, the Flint Area School's Credit Union, and Barnes and Noble, judges awarded more than \$2,000 in LEGO kits and gift certificates to 30 winners.

The Art School presented four student and faculty exhibitions in the Bishop Gallery and School facilities. 179 people attended opening receptions.

In January, the Art School began offering select classes at our new downtown auxiliary studio space. During Flint's Second Friday Art Walk each month, the auxiliary studio is open to the public and features the rare opportunity for visitors to see artists at work. Students show off work they are in the process of creating, and faculty members offer demonstrations of techniques taught in the Art School. In our first four months hosting Art Walk events, 574 people have visited.

The Art School continues to bring artists from around the country to Flint to share new perspectives with our community. In March, California-based video artist Gerry Fialka presented his seminar,

Dream Awake, to 50 people in the FIA Theater and Cincinnati-based puppet artist Jesse Mooney-Bullock presented his original puppet show, “Luigi Bullooney’s Circus Menagerie,” in July, drawing a standing-room-only crowd of 90. Mooney-Bullock’s performance was followed by a free hands-on puppet-making activity for families.

In March, the Art School began a partnership with the Disability Network of Flint and Genesee to provide accessible art classes to adults with a range of disabilities. Disability Network instructors and aides teach these classes twice a month in an Art School studio. This program has reached 70 people in its first three months.

### Enrollment

Summer 2016, 455 students

Fall 2016, 507 students

Winter/Spring 2017, 561 students

### Scholarships

The Art School granted \$14,274 in scholarships for the 2016–17 fiscal year to 107 students (66 youth scholarships and 41 adult scholarships).

Claymation class instructed by Craig Hinshaw.

# Expansion

A ceremonial groundbreaking and press conference was held on June 30, 2016, marking the beginning of an 21-month expansion project. Construction bookended both the east and west sides of the existing building.

Ridgway White and Bill White, President and CEO of the Charles Stewart Mott Foundation, respectively, join John Henry and FIA Board of Trustee members in the breaking ground of the expansion project. The C.S. Mott Foundation awarded grant funds for the project.

### Contemporary Craft Wing & Art School Makerspace

In 2005 and 2006, architects Frederick Fisher and Partners from Los Angeles planned and completed an extensive, phased \$20 million renovation and expansion of the FIA. Just four years ago, they returned to design the addition of a welding lab and new kiln room on the Art School. To continue their practical design aesthetic, the architects have once again developed a beautiful, functional and cohesive plan.

On the east side, an 11,000 sq. ft. addition was added to the permanent collection galleries creating the Contemporary Craft Wing. The wing contains three distinct expansive galleries specifically designed for presentations of three dimensional works of art. High ceilings, with skylights present a serene atmosphere and sophisticated backdrop for the display of objects. Additional curatorial amenities include a large freight elevator providing access to a 7,000 sq. ft. lower level designed for art handling, preparation, crate storage, and a climatized vault.

On the west side, the existing 3,620 sq. ft. Art School exterior courtyard was converted into a year round “Makerspace.” This flexible space, equipped with retractable stadium style seating, provides many options for public demonstrations, workshops, classes, and more. The primary focus was the hot glass-making studio space equipped with furnaces, annealing ovens, and an adjacent cold shop for finishing. During demonstrations, electronic equipment designed specifically for the space provides audiences with audio narration and enhanced views on large mounted screens.

# Development

The Development Department is responsible for all areas of funding for the FIA. This includes support through endowments, grants, earned income, contributions, and membership.

In addition, the department manages audience development, collaborative initiatives, facilities use, marketing, special events, social media and the website. The department also organizes a broad and diverse volunteer base.

## Income

The FIA has five primary sources of support: endowment income, grants, earned income, contributions, and membership.

## Endowment Income

Both restricted and unrestricted, endowment funds support general operations, exhibitions, programs, art acquisition, art conservation, scholarships, lectures, and membership initiatives. As of June 30, 2017, the endowment funds totaled \$34,654,324, contributing 26% of the annual income. Unrestricted donations in the form of planned gifts and bequests are traditionally allocated to endowment.

## Grants

The FIA receives grant awards from foundations, community organizations, businesses, corporations and state and federal governments. Revenue from grants represents 41% of the FIA's annual income. The FIA receives support from two auxiliary groups, the Founders Society and Friends of Modern Art.

## Earned Income

Income generated from sales, tuition, facility rentals, special events, and admissions provided 14% of the FIA's operating income.

## Contributions

Sponsorships, annual appeal gifts, memorials, donations commemorating anniversaries and birthdays, and funding of specific programs or events represents 14% of the FIA's annual income.

## Membership

Membership dues represent 5% of the FIA's annual income. Membership levels begin at \$20 annually for Youth (ages 2.5–12) or students (ages 13+) and progress to \$1,000+ annually for Rubens Society membership. Basic benefits are enjoyed by all, and higher level donors receive extended benefits (such as reciprocal membership privileges to over 900 museums nationwide) at the Sustainer level (\$100) and above. The Rubens Society generates more than \$100,000 to the budget and Society members are invited to three exclusive events throughout the year. FIA Art School members receive a discount on art classes. Of new members who joined the FIA, 16.7% joined through the Art School.

The Flint Print Club was established in 2007. The club is limited to 100 members who, after first

becoming a member of the FIA at the Family level (\$50) or above, receive a commissioned print by a critically acclaimed artist. The club is dedicated to connoisseurship, the pursuit of personal collecting, and the purchase of prints to augment the FIA's collection.

The FIA College Town initiative provides free memberships to students nationwide. Students receive many of the basic membership benefits and receive invitations and other announcements via email.

Please see pages 38–49 for this fiscal year's membership listing.

Donors to and members of the FIA provide the foundation for all of the Institute's activities.

# Special Events & Facility Rentals

The Flint Institute of Arts offers an active schedule of events for members and the general public throughout the year, including Holiday Walk, the Founders Society's First Frost Arts & Fine Crafts Fair, and the Friend's of Modern Art's Annual Flint Art Fair. Annual fundraisers at the FIA are diverse and appealing to all demographics. Each event has a committee of devoted and hard-working volunteers that are active in all areas of planning. From Beer Tasting and Wine Tasting to the Community Gala and The PARTY, the FIA continues to create a diverse palette of events to raise funds for the museum and engage the ever-growing community.

# Auxiliary Groups

Each year, support groups donate thousands of dollars and volunteer hours to the Institute in support of exhibitions, art acquisitions, and programs. The Flint Institute of Arts is deeply grateful to the members of the Friends of Modern Art and the Founders Society for their generous support.

## Friends of Modern Art

### Letter from the President, Lynne Taft-Draper

Fiscal year 2016-17 was a productive year for the Friends of Modern Art. In June, FOMA celebrated the 50th Anniversary of the annual Flint Art Fair. This iconic event, signifying the beginning of the summer cultural season in Flint, attracted more than 5,000 local residents and out-of-town visitors, and served nearly 150 artists.

FOMA's film program enjoyed another strong season running between the weekend after Labor Day and mid-June on the weekend of the Flint Art Fair. Total attendance was 7,553, an average of 198 patrons per week. The highest total attendance figures for individual titles were 409 patrons for the Academy Award-nominated Swedish film *A Man Called Ove*, which played in December, and 382 for the Oscar winner for best picture, *Moonlight*, which was shown in March.

## Founders Society

### Letter from the President, Lynne Hurand

The Founders Society pledged \$24,000 in support of the Flint Institute of Arts in fiscal year 2016–2017. A check for \$24,000 was presented to the FIA on June 20, 2017 at our end of fiscal year business meeting.

With increased expenses, particularly in advertising, the 2016 revenue of \$22,674 from the 11th annual First Frost Arts & Fine Crafts Fair yielded a profit of \$14,957. After competing with election signage and redirected streets that week, we look forward to even more success in 2017.

Our creative Travel and Tours committee generated income of \$5,200. By continuing to develop innovative plans for trips of regional, national and international interest, we strive to increase our travel participation. We traveled to Grand Rapids for Art Prize, and have upcoming trips, which include Chicago and Southern Italy/Sicily.

Art Sales & Rental generated income of \$3,500. These are the proceeds from the sales or rental of juried works of art by both local and regional artists who receive a portion of the sale or rental income. Contract employee, Carol Turley, worked approximately 20 hours a week. All other staffing of the gallery on a daily basis was provided by Art Sales & Rental volunteers. By request of the FIA Board of Trustees in October, “in order to support the FIA in finding space for Bishop Gallery and the Café expansion, ... “ and in order to offer the space for the gallery, Founders Society focused on liquidating inventory to efficiently close and move out of their beloved Art Sales & Rental facility.

In 2017, Founders presented a new website with updated pictures and information, and also developed a much improved online presence.

As of June, 2017, Founders membership increased to 309, up from 284 in 2016, generating \$3,090 in income. As part of the regular membership renewal process, the FIA collects these monies for Founders.

On December 5, 2016, Founders Society hosted our traditional Holiday Luncheon in Isabel Hall for all FIA staff. This was our way to thank the FIA staff for the many ways in which they generously support and assist Founders in accomplishing its mission.

Income received from this year's activities enabled the Founders Society to fund our FIA pledge and left us with a balance of \$89,755. A final end-of-year adjustment will be made upon receiving our dues income for this fiscal year. In addition to the fundraising activities, Founders Society members collectively donate thousands of hours of dedicated service to benefit the FIA.

# Financial Statement

Board of Directors  
Flint Institute of Arts  
Flint, Michigan

## Independent Auditor's Report

We have audited the accompanying financial statements of Flint Institute of Arts which comprise the statement of financial position as of June 30, 2017, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Flint Institute of Arts as of June 30, 2016, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We have previously audited Flint Institute of Arts' June 30, 2016, financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated April 12, 2017. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2016 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Schedule of Investments is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.
