from the President

I wish to thank the Board of Trustees for the opportunity to serve as the President of the Board this past year. I wish to thank the Board also for their active participation in Board and committee meetings. Serving as President of the Board of Trustees has given me a greater appreciation for the efforts that are involved in distinguishing the Flint Institute of Arts as one of the premiere museums of its size in the United States.

At the beginning of my term, I felt the recently completed renovations and addition to the museum could be used to enhance our efforts to fulfill our Mission. Now, looking back, the number and quality of programs that were continued and newly implemented during the past year far exceeded my most ambitious expectations.

I wish to express my appreciation to John Henry and the staff, the Board, FOMA, Founders, the Docents, and other volunteers who devoted countless hours to ensuring that the FIA delivered top rated programs and initiatives. Some of those programs and initiatives included permanent collection acquisitions, exhibitions, the lecture series, Art à la Carte, Family Programs, Educator

Workshops, the Docent Program, elementary and ARTreach student exhibitions, the Art School's Faculty Open House, Family Activities, Family Block Classes, Saturday Workshops, and traditional as well as innovative art classes, "Just You & Me, Kid," 50/50 Buddy discounts, the Fund Development's Endowment Campaign, Capital Campaign, Target Free Saturdays, the film series program fund, Print Society; Rubens Society, Annual Art Fair presented by FOMA, the Founders Auction, Reference Library, membership programs, Founders First Frost, governance skills development training, collaborations with other institutions, and the list continues.

I wish to express my appreciation to the donors, chief among these being the Charles Stewart Mott Foundation and the Ruth Mott Foundation and to all the other contributors who supported the FIA with their generosity. Also, I owe a special note of thanks to Mike Behm, the Immediate Past President of the FIA, for his many innovative ideas and suggestions, especially as a member of the Art School Committee. Mike's suggestions led to the creation of Family Block classes and the after school Pre-College Portfolio Development Program.

Mike also nominated the FIA for the Governor's Award, for which we will all be forever grateful.

As we look to the future, I believe the FIA will have a significant impact on Flint's transformation from a single industry economy to an economy based on health care, education, and the arts. I am certain that the FIA will continue to receive sound ideas from dedicated leaders who help plan and implement exciting programs and initiatives.

Louis Hawkins
President

from the Director

In this report, we quantify and measure our activities over the past year in order to get a clear picture of our progress. It is interesting to reflect on our achievements and useful if we keep in mind what we are measuring. Our real progress is not only revealed in the numbers but also by the outcome and the impact our activities have on the communities we serve.

There are many ways to measure our successes just as there are many ways to determine the significance of one year over another. This fiscal year, for instance, was the FIA's 80th year of operation, the 50th year in this building, and our first full year of operation since the opening of the new wing. 2008 was the eighth year of the current 10 year AAM accreditation cycle, the third year of our five-year long-range plan, and the year we received the Governor's Award for Artistic Excellence. It was the year our new Advisory Council met for the first time. In 2008 we acquired 182 new works for the permanent collection, presented M.C. Escher to over 11,000 visitors, served over 25,000 students through ARTreach and enrolled 1,464 students in classes. Last year we created 926 new electronic records of our collection, 30% more than our goal. We

exceeded our \$1 million goal for endowment by \$734,000 through contributions from 166 donors. We increased online services, raised income from facility rental by 300%, and had the great honor of hosting 97 museum directors representing museums in the US, Mexico and Canada from the Association of Art Museum Directors. We updated our policies and created new ones. Membership goals were exceeded by over 20%, not including over 1,100 new CollegeTown members, and our attendance for fiscal year 07–08 was over 110,000, an increase of nearly 30% over our last full year in 2003.

What we can be most proud of is the outcome of these measurements and the impact they have on the community we strive to serve. The value of the FIA experience and the audiences we are reaching is now moving in a new dimension. We have become the new town square that architect Fred Fisher envisioned. We have raised awareness—even created a “buzz”—as our reputation builds locally, regionally, nationally, and internationally. We have remained fiscally reliable and have made measurable progress toward sustainability. Our leadership, staff, and audience are more diverse than ever and we have become a role model for

other non-profit organizations here and in the field. Our collection continues to grow and its care and use meet the highest standards. Education program excellence has attracted unprecedented funding. Our public programs are stimulating and our visitors wait with anticipation of the next big event.

Does this mean we can relax? Of course not! We still have many goals to reach. And besides, things change so rapidly it's hard work just to keep up. But for now, I hope all of you are pleased with the outcome of our activities and are motivated, as I am, to reach even higher.

John B. Henry, III
Director

exhibitions

The Flint Institute of Arts strives to provide excellent and innovative exhibitions that inspire, enlighten and educate our visitors. As a primary operating program of the FIA, exhibitions and their related activities constitute a significant portion of the financial, human and physical resources of the museum. The FIA presents changing exhibitions to enhance the visitor's understanding of the thematic, aesthetic, and historical content of a work of art. As one of the FIA's most visible programming activities, exhibitions promote greater audience visitation, which increases awareness of the museum's permanent collection and other FIA programs. Because the FIA is the only institution of its kind in Flint, Genesee County, and the region north of the Detroit metropolitan area, it is important that exhibition programming explores a wide range of artistic concepts and diverse cultures. To this end, the Curatorial Department organizes exhibitions drawn from the FIA's extensive collection of over 7,000 paintings, sculptures, works on paper and decorative arts, and borrows collections from other museums and exhibition organizing entities. In fiscal year 2007–2008, gallery attendance totalled 69,801.

Artists of the Great Lakes: 1910–1960

5.26.07 – 8.19.07

The Flint Institute of Arts has long held an outstanding collection of works of art by artists of the Midwest, especially from the first half of the 20th century. In the past decade, the collection has expanded in breadth and depth to include hundreds of examples, often direct and energetic in approach, from

the most significant artists of the region. This exhibition featured approximately 90 paintings primarily created between 1910 and 1960, which present the subjects, styles, and individual statements of the artists of the Midwest.

Visions of Victory Presented by Mutual of Omaha

9.15.07 – 10.28.07

Visions of Victory Presented by Mutual of Omaha was initially organized for presentation at the 1996 Centennial Olympic Games in Atlanta as a tribute to the 100-year celebration of the games. The exhibition featured images from around the world by acknowledged masters of the photographic medium, such as William Henry Jackson, Annie Leibovitz, David Burnett, Neil Leifer, Bob Coglianesse, Herb Ritz and Gerard Vandystadt. Some of the images are by anonymous photographers, while

others, especially those from the early period of innovation in photography, are by acclaimed artists including Thomas Eakins, Eadweard Muybridge, Alfred Stieglitz, and Edward Steichen. The subjects of the photographs are luminaries through the ages representing a wide variety of sports, both within and beyond the Olympic competition.

Currents: Evan Penny

9.15.07 – 10.28.07

This exhibition presented seven sculptures and two prints by the Toronto-based artist Evan Penny. Penny's figural sculptures explore a range of artistic and perceptual dualities, conjoining contemporary technology's materials and processes with labor-intensive handcraft. Moreover, Penny's "digital to analog" process examines the inherent tension between two-dimensional photographic imagery and three-dimensional representation, extending the hyper-real visual language developed by artists such as Chuck Close, Duane Hanson, and John DeAndrea.

Penny's sculptures have precisely modeled and detailed surfaces—moles, blemishes, hair and skin textures give these large to monumentally scaled works their eerie, life-like presence. Not content with conventional photographic mimicry, Penny pushes sculpture's technical limitations, skewing, stretching, and flattening his sculptures surfaces, effects once considered limited to digital technology. As such, Penny's enigmatic sculptures engage the viewer in a compelling dialogue between traditional practice and technology's unbounded potential.

Among Les Nabis: The Art of Marthe Orant

9/15/07 – 10/28/07

This exhibition presented a comprehensive survey of the French artist Marthe Orant. Born in 1874 in Poissy, a suburb of Paris, Marthe Orant belongs to the first generation of French painters who grew up under the influence of Impressionism. Orant studied with Pierre Bonnard who, along with Paul Sérusier, Edouard Vuillard, and Maurice Denis, belonged to an artistic fraternity known as the "Nabis," a Hebrew word for prophets.

Orant's close association with the Nabis had a profound impact on her art. Throughout her career, Orant drew upon their influence in her depictions of daily life on Parisian streets and the French countryside. The exhibition included works by Bonnard, Denis, and Vuillard to emphasize Orant's affiliation with the Nabis.

The Art of Collecting

11/23/07 – 12/30/07

The Art of Collecting was an exhibition of paintings, drawings, prints and sculptures on consignment from renowned galleries throughout the country, all of which are available for purchase. The purpose of this exhibition is to introduce the visitor to the range of opportunities in the art market, to develop connoisseurship, and to add important works of art to Flint area collections. The selection of works in the exhibition included many pieces the FIA would like to receive as gifts to the permanent collection.

The works in the exhibition, selected by the Director and the Curator, represented numerous periods, styles and techniques, as well as a variety of prices. There were many acquisition opportunities for seasoned and novice collectors alike.

M.C. Escher: Rhythm of Illusion

3/29/08 – 6/15/08

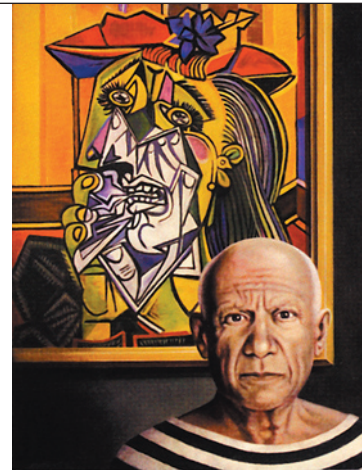

M.C. Escher: Rhythm of Illusion represented a cross section of prints and drawings by M.C. Escher, one of the most popular and intriguing artists of the 20th century. His work evolved from careful observation of the physical world, metamorphosing shapes and objects into different forms, and creating impossible architectural fantasies appealing to the imagination. The exhibition explored Escher's famous perspective-bending prints, as well as his lesser-known early works. Examples of preparatory drawings, which allowed

the viewer to explore the artist's process alongside his completed works were also included. Organized by the Portland Art Museum, Oregon, this exhibition included 80 works of art through themes such as forms in space, experiments in perspective, landscape and fantasy scenes.

Each painting portrayed the artist in conjunction with a famous example of his or her work. Moitoret chose European and American artists that he believes defined the major artistic movements of the 20th century, from Henri Matisse and Pablo Picasso to Jackson Pollock and Jeff Koons. Hannelore Baron Fragments Shored Against Ruins

3/1/08 – 5/11/08

Born in Dillingen, Germany in 1926, Hannelore Baron immigrated with her family to the United States when she was 15. Exposed to the ravages of the Nazi regime, and witnessing the savage beating of her father on Kristallnacht in 1938, Baron's art reflects her response to psychological and physical peril. Her work, comprised of small to medium sized hinged boxes and box assemblages, includes scraps of wood, fabric, and found metal objects—cast off materials that Baron recombined into works that are compelling meditations on history and the human condition. The collection of 60 works was on loan from Mary Mhoon and James Perry Walker.

acquisitions

The permanent collection is a resource for creating exhibitions and developing other programs that help interpret the beauty and meaning of art. The FIA's extensive permanent collection also provides opportunities for educational programs for students and scholars, as well as a diverse public.

The growth of the collection is supported by gifts from civic-minded individuals who donate funds and works of art to the permanent collection. In addition, the Curatorial Department and the Collections Committee work together to identify strategies and seek new funds for the acquisition of artworks that meet museum objectives and the expectations of an ever inquisitive and knowledgeable public. The staff conducts work essential to the care and management of the collection, including research, documentation, preservation, presentation and interpretation of the collection.

loans

The Flint Institute of Arts believes an effective way to increase its reputation as an important cultural institution is to lend works of art from the permanent collection to other museums. Lending art promotes collegial relationships between museums, scholarships, and provides national and international audiences exposure to works of art from the FIA's outstanding permanent collection.

During the fiscal year 2007–2008, the FIA made loans to the following:

art school

The FIA Art School is dedicated to facilitating the creative process in the visual arts for regional residents. Twenty-one highly qualified faculty offer instruction in drawing, cartooning, painting, photography, printmaking, ceramics, glass mosaic, early childhood education and more. The Art School is committed to serving students with a wide range of artistic goals and skill levels. This program is unique in the region because of the connection between masterworks and the creative process in the FIA Galleries and classrooms

art school

Youth Programs

The Art School was awarded a \$30,000 grant by the James A. Welch Foundation to implement the Pre-College Portfolio Development Program. The program will strengthen gifted high school students' artistic skills and enhance their portfolios for university and job applications. This three year pilot program will begin in February 2009. The recruitment process has been underway since the receipt of the grant. The application process will be competitive and will include a literacy component and school attendance requirements. Program continuity should encourage school attendance and higher achievement across the curriculum.

The FIA Art School Summer Camp enrolled 64 campers and expanded programming to include yoga, films, outdoor play and weekly Bishop Gallery receptions highlighting each camper's accomplishments. Out of 17 camp evaluations completed, 100% had a positive experience.

Student Amenities

Overall student satisfaction increased in the past year due to increased amenities. Over 50% of students took advantage of convenient phone registration. The 50/50 Buddy Discount enrollment incentive attracted 80 first time students during the Summer 2008 session. Students were offered expanded art supply sales in the Museum Shop, larger lockers, and \$11,039 in scholarships this year. In the past year, the Art School offered three scholarships each to the following community partners: Beecher Scholarship Incentive Program, Big Brothers Big Sisters, Boys and Girls Club, Center Academy, Motherly Intercession, The Pierians-Flint Chapter, Priority Children, and Whaley Children's Center. 18 scholarship students participated in the Partner Scholarship Program. The student Bishop Gallery attendance increased from an average of 25 to 71 due to e-mail invitations, printed post cards, and increased faculty and student involvement. Free family events such as Children's Celebration, Genesee County Fair, Halloween Ghosts and Goblins, Holiday Walk, Holiday Magic, and Martin Luther King Day served 859 individuals.

Enrollment

During fiscal year 2007–2008, the Art School served 1,273 individuals for a total of 10,850 encounters. 86.7% of the students reside in Genesee County while 1.3% reside in Shiawassee, 5.6% in Lapeer, and 6.4% in various surrounding counties. Six new counties were served this year. 17% of students were between 2.5 and 17 years of age and 83% of students were adults. Tuition increased 21% from fiscal year 2006–2007. The overall enrollment growth was 10% with an 8% decline in class cancellations. Enrollment growth has been enhanced by catalog distribution to 115 niche distribution points such as youth agencies, schools, coffee shops, daycares, salons, medical and fitness centers, and retirement facilities.

education

The Flint Institute of Arts' educational programming is designed to enhance the quality of life for local residents and visitors by encouraging creativity and personal growth. From introductory activities to challenging art experiences, the FIA is dedicated to engaging and educating the community as a center for lifelong learning. Educational programming celebrates diverse artistic expression through the interpretation of art objects in the galleries and through process-oriented artmaking experiences.

development

The primary responsibility of the Development Department is raising and sustaining financial support for the Flint Institute of Arts. This includes growth in many areas of support: memberships, grant funding, sponsorships, planned giving, the annual appeal and the Endowment Campaign. The Department also manages marketing, public relations, promotions, facilities use, audience development, collaborative initiatives and special events. The staff works with a broad and diverse volunteer base.

development

income

The FIA has four primary sources of support: endowment income, grants, earned income, contributions.

Endowment Income

The FIA's endowment funds' annual yield, both restricted and unrestricted, support general operating, exhibitions, programs, acquisition and preservation of art, scholarships, lectures and membership initiatives. As of June 30, 2008 the endowment balances totaled \$20,319.815 contributing 26% of the FIA's annual income. Donations in the form of planned gifts and bequests are traditionally allocated to endowment.

For this fiscal year's listings, please see pages 34–35.

Grants

The FIA receives grant awards from foundations, community organizations, businesses, corporations and the state and federal governments. The FIA receives funds from two auxiliary groups, the Founders Society and Friends of Modern Art. Revenue from grants represents 43% of the budget.

Earned Income

Income generated from sales, tuition, facility rentals, special events, and admissions provides 11% of the FIA's general operating budget.

Contributions & Membership

Membership dues, unrestricted donations, annual appeal support, memorials, gifts commemorating anniversaries and birthdays, specific programs or events represents funds in this category which represents 20% of the Institute's annual income.

The highest level of membership donors (the Silver Patron level and above) comprises the Rubens Society. Members were invited to three exclusive events throughout the year, which included dinner with Thompson Lecturer Dr. William Gerdtts, a black-tie Holiday dinner in the FIA's Isabel Hall, and a trip to the Toledo Museum of Art. Rubens programs were made possible through the support of an anonymous donor.

The Print Society, limited to 100 members, is dedicated to the connoisseurship of original prints by noteworthy artists, the purchase of prints to augment the FIA's collection, and the pursuit of personal collecting.

The FIA/College Town initiative provides memberships to full-time students at Kettering, University of Michigan-Flint, Mott, and Baker College. These memberships are made possible through the generous support of the Katharine B. Miner Trust and Dr. Jack Thompson. At the completion of the first year 1,200 student members were able to enjoy the many program offerings at the FIA.

For this fiscal year's listings, please see pages 36–51.

supporting groups

Each year, support groups donate thousand of dollars and volunteer hours to the Institute supporting exhibitions, art acquisitions and programs. The Flint Institute of Arts is deeply grateful to the members of the Friends of Modern Art and the Founders Society for their generous support.

Founders Society

Letter from the President, Susan Steiner Bolhouse

The Founders Society had a very successful year. The excitement of last year's grand reopening of the Flint Institute of Arts enabled Founders to advance an ambitious agenda for outreach and friends fund raising programs.

Last fall, we opened our calendar with the *First Frost Art Fair*. This showcased many artists who were specifically selected for the quality and craftsmanship of their art, and also drew upon a large segment of the community for involvement in the elaborate showcasing of the Festival of Trees. With the proceeds of First Frost, Founders sponsored the FIA's *Art of Collecting*.

This spring Founders took our annual *Van Goghing, Going, Gone* auction in a new direction: for the first time, this was entirely a live auction. Donations were generous and varied, some coming from local estates. Through the advertising of the contracted auctioneer, many auction attendees were introduced to the FIA for the first time. The funds raised through this auction allowed Founders to honor its commitment to the FIA to sponsor its bi-monthly Members Magazine.

Art Sales and Rental continues to serve patrons and artists. Perhaps due to the economic downturn, sales have not been as brisk as hoped for. However, AS&R can now be accessed online, with artworks available to a greater clientele.

Travel and Tours arranged for travel to the Michigan Opera Theatre, and the Grand Rapids Art Museum and Meijer Sculpture Garden.

The Hospitality committee again took on the receptions for the exhibitions: *Art of Collecting*, *Something to Look Forward To*, and *MC Escher*. The receptions are creative works of art in themselves! This committee also organized a luncheon which allowed Founders to thank all FIA staff members for their dedication and assistance.

This year was financially strong, and Founders was able to pay its last pledge installment to the FIA's Capital Campaign.

The Volunteers of Founders are its backbone, without whom none of the successes of this past year would be possible. Their collective effort, and accumulation of volunteer hours, have allowed Founders to return over \$45,000.00 to the FIA this past year. We anticipate continued growth in the coming year.

Friends of Modern Art

Letter from the President, Christopher Kelly, Jr.

Friends of Modern Art had an exceptional year. The 2008 Flint Art Fair was a huge success with an estimated attendance of 11,000 over the weekend of June 14 and 15. The event featured more than 150 artists, as well as a wide variety of food and music. The response from attendees, artists, and volunteers was overwhelmingly positive.

FOMA also hosted a FOMA members-only event on the Friday before the Art Fair that allowed members to enjoy wine and hors d'oeuvres before a tour of the Escher Exhibit with FIA Director John Henry. Once again, the event was well received and we look forward to hosting similar events in the future.

Finally, FOMA was a contributor to the FIA through sponsorship of both the *M.C. Escher* and *Evan Penney* exhibitions.

The FIA presented an active schedule of programs and events for members and the general public throughout the year including lectures with distinguished speakers in the arts and humanities, summer and winter art fairs, an art auction, a wine tasting, and a golf outing. FIA members received invitations to attend opening events, which included special lectures and receptions for temporary exhibitions.

Thompson Lecture

October 16, 2007

The 17th Annual Thompson Lecture members-only event with lecturer Colonel Matthew Bogdanos, a U.S. Marine, New York City homicide prosecutor, middleweight boxer, and classics scholar, held a captive audience as he explained the time he spent tracking down the Thieves of Baghdad.

As Baghdad fell and looters plundered the Iraq National Museum, Colonel Bogdanos' mission became clear: get the treasures back. In his illustrated talk, he recounted an engrossing story abundant with history and resplendent with hope for the future.

Dr. and Mrs. Jack W. Thompson established the Thompson Lecture in 1991 to enable the FIA to present a distinguished speaker to the arts or humanities each year. The Thompson lecture series is one of the Institute's few members-only events and was established, in part, to attract new members to the Flint Institute of Arts.

First Frost Art & Fine Crafts Festival

November 3 & 4, 2007

Holiday shoppers enjoyed celebrating the start of the holiday season with the 2nd Annual First Frost Art & Fine Crafts Festival. The festival featured over 45 artists and artisans, a Festival of Trees auction and a beautifully decorated outdoor topiary courtyard. Over 2,475 attended the weekend's events and \$10,000 was raised for the FIA.

Sponsored by Cars 108, Fratz Consignment, The French Laundry, Gerych's, Inc., Good Beans Café, Nordlie's, Oliver T's Market, Security Packaging, Sohn Linen, Vogt's Flowers, The Weed Lady, and Wild Birds Unlimited

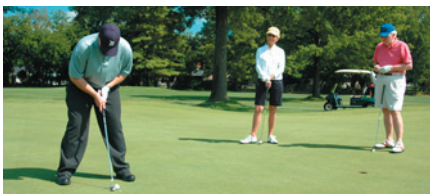

Holiday Walk

December 4, 2007

Each year, thousands of guests celebrate the holidays with a visit to the FIA during the Annual Holiday Walk event. 1,903 guests came this year, and the evening featured live musical performances throughout the galleries and a special holiday concert by the popular Flint Symphonic Wind Ensemble.

Sponsored by The Children's Office, Dr. Kienan Murphy

Fore the Arts

August 25, 2008

The 2nd annual cultural collaborative golf outing, *Fore the Arts*, was held at the Flint Golf Club. More than 40 sponsors and 90 golfers joined in to help Flint's cultural institutions raise funds to fulfill their missions. The FIA's partnership with the Flint Institute of Music, Flint Cultural Center Corporation and its member organizations—Flint Youth Theatre, Longway Planetarium, Sloan Museum and The Whiting, reached a wider audience by offering patrons the opportunity to support all three organizations through their participation.

Wine Tasting Event

February 22, 2008

The 9th Annual *Wine Tasting Event, Bacchannale: Celebration of Wines* featured over 50 quality wines from Tuscany to Napa Valley and Portugal to Old Mission Peninsula. Each guest received a wine tasting glass. Local restaurants presented a feast of gourmet foods. A book signing by Sharon Kegerreis, co-author of *From the Wine: Exploring Michigan Wineries* took place in the Lobby. The event concluded with a drawing for a grand prize tropical vacation getaway! Over 245 attended the event and \$20,000 was raised for the FIA.

Facilities Rental

This past year, Facilities Rental drew audiences and rental income from many businesses and individuals including Stores Online (a Utah based internet company), Hurley Medical Center, The Flint Journal, Flint Rotary, Flint Area Convention & Visitors Bureau, Kettering University events including parent socials and the President's Dinner, several UM-Flint events, film screening for California based film-maker John Sinclair, Michigan Public Television, Citizens Bank, Flint Jewish Federation's 18th annual Riegle Awards, the Midwest Photography Conference featuring guest speaker Edward Burtynsky, Genesee County Salvation Army, New Creation Church, Kwanzaa, New Paths, Inc., the Comcast Ebony Fashion Show, Michigan Association of Community Mental Health, Genesee County Health Department, the Moeller's 50th Anniversary, Genesee County Radiology,

the Genesee County Dental Association, Dort Federal Credit Union, Travel Michigan, College Admissions Assistance (a national company based in Texas), Michigan Manufacturing Technology Center, Accenture Employee Conference (an international company), Michigan Council of Foundations, and a special event with museum directors from around North America including Mexico and Canada at the Association of Art Museum Directors (AAMD) event.

7,634 guests attended these events and \$35,989 was generated in revenue.

Over the past year the Flint Institute of Arts grew with the addition of the Charles Stewart Mott Gallery Wing. The construction was fully paid for and in March 2006, the FIA launched a new Endowment Campaign to raise the additional operating funds needed for the expanded facility.

The new three year goal of the Campaign is \$7 million. Take a Seat, the sponsorship of seats in the FIA Theater, is a component of the Campaign. Now, a little more than a year later, the Campaign has reached the halfway mark toward the goal.

Independent Auditor's Report

We have audited the accompanying statement of financial position of Flint Institute of Arts, a Michigan non-profit corporation, as of June 30, 2008 and the related statements of activity, functional expenses and cash flows for the year then ended. These financial statements are the responsibility of the Institute's management. Our responsibility is to express an opinion on these financial statements based on our audit. The prior year summarized comparative information has been derived from the organization's 2007 financial statements and, in our report dated November 15, 2007 we expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Flint Institute of Arts, as of June 30, 2008, and the changes in net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental financial information is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements, and in our opinion, it is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
