## from the president

It has been an honor to serve a second year as President of the Board of Trustees of an organization that is highly regarded by all segments of the local community, as well as by visitors from throughout the country. The Flint Institute of Arts continues to distinguish itself as one of the premiere museums of its size in the United States.

The past year was characterized by the planning and implementation of programs and initiatives that enabled the Institute to effectively pursue its Mission "To advance the understanding and appreciation of art for **all** through collections, exhibitions, and educational programs."

"All" was bolded for emphasis because the past year was also characterized by the diversity of the users and patrons of the Institute. Events were planned with input from and attended by record numbers of African Americans, Latinos, Arab Americans, other persons of Middle Eastern descent, persons of the Indian subcontinent descent, college students, the under 40 age-group, college graduates, non-college graduates, persons from a variety of religious beliefs and ideologies, low income persons and others. All had an opportunity to use the many programs of the Institute and to understand and appreciate the many forms and types of art on exhibit.

All of the departments of the Institute performed with dedicated commitment during the past year, having to do more with less because of the economy. Dozens of appropriate items were added to our exceptional permanent collection, and our exhibitions featured rare works, popular shows, and other items of high quality; this was largely due to the performance of the Collections and Exhibitions Department. Likewise, in spite of the depressed economy, our Development Department

was successful in obtaining significant contributions, and our Education and Art School Departments implemented high quality programs designed to enhance one's appreciation and understanding of art as well as explore and develop one's potential for individual artistic achievement. The Finance & Administration Department maintained a watchful eye on the budget and made necessary recommendations to maintain financial integrity.

The excellent work of the individual departments is a reflection of the exceptional skill and knowledge set of the Institute's Director, John Henry. Without his guidance, none of the departments would have attained the levels of success that they did.

We also would not have been able to achieve the successes of the past year without the support of our donors. While we truly appreciate the donations of every single donor, we are especially appreciative of the support of the Charles Stewart Mott Foundation, the Whiting Foundation, the Community Foundation of Greater Flint, the Ruth Mott Foundation, and William and Claire White.

Additionally, much of the success of the past year is directly attributable to the Institute's auxiliaries. We

are specifically grateful for the support of Founders and FOMA and the committees that planned and implemented their annual and special events, all of which were successful and effective in reaching targeted goals. The FIA values its special relationship with Founders and FOMA and looks forward to continuing its partnership with both organizations.

The Institute also appreciates the support of other special volunteers, including the docents, who generously provide their time and recommendations to assist in advancing an understanding and appreciation of art, pursuant to our Mission. The Board also appreciates the support of another group of special volunteers who were instrumental in increasing the diversity of the Institute's patrons and users during the past year. This group includes the committees that planned and implemented special events, in addition to those of Founders and FOMA. These special volunteers include the Gala Committee for *Beyond the Frame*, which featured African American Comic artists and others of African descent; the Gala Committee for *Las Artes de Mexico*, which featured Mexican artists; and the Gala Committee for *Chihuly Unveiled*, which was planned and implemented by the under 40 age-group.

Finally, I would like to acknowledge the dedication and commitment of the Board of Trustees. They met the challenges of conservation issues, a depressed economy, and their governance and fiduciary responsibilities during the past year and made appropriate plans for the future.

As John Henry said during the spectacular *Chihuly Unveiled* gala, "It is upward and onwards from here."

# from the director

This year would be remembered as one of the FIA's most difficult financial periods, if not for the spectacular gifts to the collection and the exceptional works of art on loan that attracted our largest, most enthusiastic crowds, ever. The gloom of shrinking endowments and cautious giving by foundations, corporations, and individuals, budget cutting and personal sacrifices from the staff was lifted by the generosity of the Charles Stewart Mott Foundation and the Isabel Foundation whose gifts enabled the FIA to end the year with a balanced budget.

This year, once again, the Board and staff worked hard together to provide the public with a wide-variety of entertaining and educational offerings: exhibitions, films, videos, lectures, workshops, family programs, docent tours, classes, demonstrations, art camps, fund raisers, membership opportunities, facility rental opportunities, volunteer and intern opportunities, and travel. Visitation was up with over 120,000 visitors. We collected 415 new works of art, increased our membership, added new classes, expanded programs, and organized new fund raisers, all while continuing to provide our usual services in the galleries, classrooms, theater, and other public spaces.

In addition to activities and events listed on the following pages, I feel I must acknowledge some of this year's most outstanding achievements. The film series attracted larger audiences than we have ever seen before. In addition to its enrollment growing significantly, the Art School initiated vanguard programs like the *Pre-College Portfolio Development*, the *Mott Childrens' Health Care Grief and Loss program*, and the *Healing Through Art* program in collaboration with McLaren Hospital. Two diversity initiatives in association with the exhibitions *Las Artes de Mexico* and *Beyond the Frame* received unprecedented support and attendance from specific audiences we have worked hard over the years to engage. *Target Free Saturdays* attracted more visitors into the galleries in one day each week than the rest of the week combined, College Town membership enrollment increased in its second year by nearly 50% to 1,584 students, Family Programs and the Home School program have gained an impressive following. Our redoubled fundraising efforts led to new relationships and support from the Kress Foundation and the Cargill Foundation. A Visitor Services division was formed to extend the courtesy people receive when visiting the FIA. Perhaps the most memorable achievement of the year was the successful commission and installation of the *Persian Chandelier* by Dale Chihuly in the Lobby and the spectacular unveiling party which, by all measures, set a new standard in the community.

We have so much to be proud of and none of it would have been possible without the people who make it happen—the Board, committee volunteers, the Founders Society, the Friends of Modern Art, the docents, the interns, the staff, and of course, our donors.

# *exhibitions*

The Flint Institute of Arts strives to provide excellent and innovative exhibitions that inspire, enlighten and educate our visitors. As a primary operating program of the FIA, exhibitions and their related activities constitute a significant portion of the financial, human and physical resources of the museum. The FIA presents changing exhibitions to enhance the visitor's understanding of the thematic, aesthetic, and historical content of a work of art. As one of the FIA's most visible programming activities, exhibitions promote greater audience visitation, which increases awareness of the museum's permanent collection and other FIA programs. Because the FIA is the only institution of its kind in Flint, Genesee County, and the region north of the Detroit metropolitan area, it is important that exhibition programming explores a wide range of artistic concepts and diverse cultures. To this end, the Curatorial Department organizes exhibitions drawn from the FIA's extensive collection of over 7,500 paintings, sculptures, works on paper and decorative arts, and borrows collections from artists, collectors, museums, and traveling exhibition organizers. In fiscal year 2008–2009, gallery attendance totaled 52,792.

## *Drawing Friends* *Hedda Sterne's Portraitis*

**5.17.08 – 7.6.08**

Romanian-born, American artist Hedda Sterne first came to prominence in the 1930s when she exhibited with the Surrealists in Paris. Sterne immigrated to America in the late 1930s and attained national attention during the 1940s and 1950s when she exhibited with Abstract Expressionists Jackson Pollock, Willem de Kooning, and Mark Rothko. Several of the 20 pencil, ink, and charcoal drawings in the exhibition are portraits of Sterne's inner circle, including Elaine de Kooning, Joan Mitchell, and Sterne's husband, the notable artist and illustrator, Saul Steinberg.

## *Impressions* *The Lithographic Image*

**6.26.08 – 8.31.08**

The prints were drawn from the Flint Institute of Arts' permanent collection and represented a selection of 19th and 20th century artists including Childe Hassam, Thomas Hart Benton, Pablo Picasso, and Roy Lichtenstein focusing on the great diversity of styles and techniques associated with the lithographic printing process.

## A Celebration of Everyday Life

Work by Maya Photographers  
from Chiapas, Mexico

**9.6.08 – 10.12.08**

Organized by Sister Carlota Duarte, an artist and member of the Society of the Sacred Heart, the Chiapas Photography Project was founded in 1992 to provide the indigenous people with cameras and instruction in photography without imposing artistic standards on their efforts. The purpose of the project was to give the participants "the opportunity to represent themselves with their own artistic talent and to regard themselves and their cultural heritage with dignity and pride."

## Ed McGowin

*Name Change*

**7.12.08 – 9.28.08**

In 1970, Ed McGowin legally changed his name 12 times and has continued to create unique works of art under these different guises for the past three and a half decades. McGowin devised "The Name Change Project" to challenge the conventional notion of a solo artist's work following a "linear chain-link model with each creation leading logically to the next." McGowin believes these different identities allow for a broader approach to his body of work, without tying it to past history or future expectations. The exhibition included paintings, drawings, photographs, prints, sculptures, and installations.

## Jean Gumpfer

### Woodland Meditations

**10.18.08 – 11.30.08**

Jean Gumpfer is a Colorado-based printmaker who works in the technically demanding printmaking method of the reductive woodcut. Her subject matter includes colorful woodland scenes, dense forest foliage, sun-dappled trees, and shimmering reflecting ponds. A student of Asian culture, Gumpfer's images suggest the serene qualities of traditional Japanese prints.

## Masterpieces of European Painting from Museo de Arte de Ponce

**11.28.08 – 3.8.09**

Comprised of 56 paintings, *Masterpieces of European Painting from the Museo de Arte de Ponce* provided audiences with an unforgettable experience of timeless works of art that traverse the stylistic development of the European painting tradition, from the early 14th century to the late 19th century. This collection included outstanding examples of Italian Renaissance paintings on panel, Baroque, Rococo, Neo-Classical, Academic, and the Pre-Raphaelites.

Among the many masters included in the exhibition were works by Anthony van Dyck, Lucas Cranach the Elder, Jean-Léon Gérôme, Francisco de Goya, Edward Burne-Jones, Angelica Kauffman, Josepe de Ribera, Dante Gabriel Rossetti, Peter Paul Rubens, James Tissot, and Francisco de Zurbarán.

## Magic Moments Works on Paper by Ed Fraga

**1.24.09 – 3.22.09**

Detroit artist Ed Fraga combines images that are realistically detailed but with elements of fantasy and themes of spirituality. These works on paper display real and dream-like scenes, and are composed with an eye for detail and subordination of color that refer back to the Renaissance. Since many of the works present aspects of spirituality, there are details taken from symbols and icons from various religions. His scenes of the spirit allow the viewer an entirely new way of seeing and thinking about the world, not because of the subject of the works, but rather the manner in which he presents them. A Michigan artist, Fraga's paternal lineage is Mexican, and much of his oeuvre can be traced to his Hispanic roots in subject matter and mood.

## Comics, Heroes, and American Visual Culture

**1.24.09 – 4.26.09**

This exhibition presented more than 80 original drawings and paintings by some of the best known contributors to the comic book and comic strip genres. The exhibition traced the development of comic books and comic strips from the early 20th century to graphic novels from the late 1990s. These works were collected by Dan Howard, a former professor of art at the University of Nebraska-Lincoln. Howard donated the entire collection to the Sheldon Memorial Art Gallery in 1999, believing that comic art should be seen and appreciated within the context of art and art history, rather than simply being perceived as "popular" art. This exhibition has gained national attention in the media, and shows the influence of comic strips on American culture.

## Beyond the Frame African American Comic Book Artists

**1.24.09 – 4.26.09**

*Beyond the Frame: African American Comic Book Artists* presented the work of African American artists working in commercial, self-published, and web-based comic book and graphic novel genres. The exhibition included a cross-section of artists, some well established, others emerging and active in new areas of publication, such as Internet-based web comic art. *Beyond the Frame* explores the styles and subject matter of artists working in the commercial sector, as well as those whose work emphasizes culturally relevant themes of racial identity, family life, hip-hop culture, and African American history. Organized by the FIA with assistance from John Jennings, Professor of Art and Design at the University of Illinois at Urbana-Champaign and comic book industry artist Robert Stull, the exhibition was presented in coordination with educational and art school programming at the Flint Institute of Arts.

## POP!

*Prints from the FIA's Collection*

**3.28.09 – 5.10.09**

Pop Art is a 20th century art movement that utilized the imagery of popular culture and techniques of consumer advertising. Pop artists favored the reproduction of everyday objects, and depictions of images and symbols pertaining to current events and popular culture. This exhibition included, among others, works by Robert Indiana, Jasper Johns, Roy Lichtenstein, Claes Oldenburg, Ed Ruscha, and Andy Warhol.

## Cityscapes

*Sabina Klein*

**5.16.09 – 7.12.09**

This exhibition presented a selection of Sabina Klein's large-scale prints and drawings of urban architecture. Klein's tightly cropped images explore the dizzying perspectives of New York City's steel and glass canyons. Devoid of a human presence, these moody cityscapes emphasize the skyscrapers' monumental scale, brilliant glass facades, and jarring contrasts of light and shadow.

## *Blown Away* *International Glass of* *the 21st Century*

**6.7.09 – 9.8.09**

Forty of the most accomplished and well-known glass artists from around the world were included in this major exhibition with works that have pushed the art of glassmaking to new levels. The exhibition explored the medium of glass and how it is used today by leading glass artists with over 12 different techniques and processes including cast, blown, fused, lampworked and many others to create an amazing array of artworks showing the significant contributions these artists have made to contemporary glassmaking. Among the artists represented in the exhibition were William Morris, Howard Ben Tre, Dale Chihuly, Harvey Littleton, Stanislav Libensky, Miriam DiFiore, and others from 14 countries in North America, Europe, Asia and Australia.

*Sponsored by Friends of Modern Art, John & Marilyn Kopp - Goldmans, LLC, Stella and Frederick S. Loeb Charitable Trust administered by Citizens Bank Wealth Management, N.A., Habatat Galleries*

## *Dale Chihuly* *Seaforms*

**6.7.09 – 9.8.09**

*Dale Chihuly: Seaforms* featured 39 artworks from the internationally acclaimed artist's *Seaform* series. The exhibition featured both fully executed blown glass pieces, as well as preparatory works on paper and showcased the development of the *Seaform* series including early works, when Chihuly began the series in 1980, through the present.

Inspired by the sea, Chihuly's abstract compositions of colorful organic forms are comprised of large shapes often containing a number of smaller blown-glass vessels and bowl forms—a characteristic Chihuly has used in several different series throughout his career. Whether regarding his small-scale blown glass works, large-scale sculpture or site-specific installations, Chihuly creates a sense of wonder and excitement that has captured the world's attention.

# *acquisitions*

The permanent collection is a resource for creating exhibitions and developing other programs that help interpret the beauty and meaning of art. The FIA's extensive permanent collection also provides opportunities for educational programs for students and scholars, as well as a diverse public.

The growth of the collection is supported by gifts from civic-minded individuals who donate funds and works of art to the permanent collection. In addition, the Curatorial Department and the Collections Committee work together to identify strategies and seek new funds for the acquisition of artworks that meet museum objectives and the expectations of an ever inquisitive and knowledgeable public. The staff conducts work essential to the care and management of the collection, including research, documentation, preservation, presentation and interpretation of the collection.

# *loans*

The Flint Institute of Arts believes an effective way to enhance its reputation as an important cultural institution is to lend works of art from the permanent collection to other museums. Lending art promotes collegial relationships between museums, scholarships, and provides national and international audiences exposure to works of art from the FIA's outstanding permanent collection. In addition, the FIA also borrows works from other museums and galleries to supplement the permanent collection and exhibitions.

During the fiscal year 2008–2009, the FIA made loans to the following museums.

## student amenities

New student amenities include expanded Open Studio hours, and the 50/50 Buddy Discount in Summer session, 2008. Bishop Gallery exhibition themes have been changed from material to genre concepts such as Abstraction and The Figure. Art School e-Newsletters call for entries have doubled works exhibited and quadrupled reception attendance (from 16 to 60 guests).

Student satisfaction surveys reflect an increase in students' satisfaction. New adult and youth programs have grown from 4-6 per class. The Art School hosted five interns from Baker College, Mott Community College, Department of Fine Arts, and Valley School. The Art School Visiting Artist program hosted highly qualified professional artists from throughout the region in drawing, ceramics handbuilding, Venetian painting and wool felting techniques.

## new programs

Several new initiatives in the Art School were introduced during this fiscal year. The Art School continues to collaborate with McLaren Medical Centers to develop the Healing Through Art art therapy program. The Art School is a 10% financial partner with McLaren. Through collaborative efforts, the program has raised a total of \$67,400 toward the \$100,000 program goal. The Healing Through Art art therapy luncheon in October 2008 raised \$28,700. The program has been awarded a \$25,000 grant from the McLaren Hospital Women's Auxiliary, a \$10,000 grant from the McFarlan Foundation, and earned \$3,700 from an open house, art auction, and individual donors. Great Lakes Cancer Center McLaren has hire and will manage an art therapist for a fall of 2009 launch.

Fifteen high school Freshmen have completed their first session of the Pre-College Portfolio Development Program. The program mission is to increase artistic skill and professional exposure of talented high school art students and to transition teens from high school art programs into college art programs. A grant will be utilized in \$10,000 quantities over the three-year pilot thanks to the James A. Welch Foundation and a \$5,000 gift from the Stella and Frederick S. Loeb Charitable Trust administered by Citizens Bank Wealth Management, N.A.

# *development*

The Development Department is responsible for all areas of funding for the FIA. This includes support through membership, grant funds, sponsorships, planned giving, annual appeal and the Endowment Campaign.

In addition, the Department manages marketing, public relations, promotion, facilities use, audience development, collaborative initiatives and special events. The Department engages a broad and diverse volunteer base.

# FIA

# income

The FIA has five primary sources of support: endowment income, grants, earned income, contributions, and membership.

## Grants

The FIA receives grant awards from foundations, community organizations, businesses, corporations and the state and federal governments. The FIA receives funds from two auxiliary groups, the Founders Society and Friends of Modern Art. Revenue from grants represents 52% of the budget.

## Endowment Income

The endowment funds of the FIA produce an annual yield, both restricted and unrestricted. These funds support general operating, exhibitions, programs, acquisition and preservation of art, scholarships, lectures and membership initiatives. As of June 30, 2009 the endowment funds totaled \$ 16,632,386 contributing 25% the annual income. Unrestricted donations in the form of planned gifts and bequests are traditionally allocated to endowment.

For this fiscal year's listings, please see pages 44–45.

## Earned Income

Income generated from sales, tuition, facility rentals, special events, and admissions provides 12% of the FIA's general operating budget.

## Contributions

Annual appeal gifts, memorials, and donations commemorating anniversaries, birthdays, specific programs or events represented 5% of the Institute's annual income. For this fiscal year's listings, please see pages 46–58.

## Membership

The following are ways the FIA receives support through membership:

- The Youth level of \$20 annually provides activities exclusively for ages 2.5–12.
- The FIA offers several higher levels of membership to choose from for an individual or a corporation. Basic benefits are enjoyed by all, and higher level donors receive extended benefits, such as reciprocal membership privileges to over 350 museums nationwide at the Sustainer level (\$100) and above.
- The highest levels of membership (the Silver Patron and above, \$1,000 + annually) comprise the Rubens Society whose contributions generate more than \$100,000 to the budget. Society members are invited to three exclusive events throughout the year.
- FIA Art School students are strong promoters of membership as members receive a discount on art classes. 11% of the FY2009 members joined through the Art School.
- Established in 2007, the Print Society is limited to 100 members who, after first becoming a member of the FIA at the Contributor level (\$50) or above, are able to purchase a pre-selected print by a noteworthy artist. The Society is dedicated to the connoisseurship of original prints, the purchase of prints to augment the FIA's collection, and the pursuit of personal collecting.
- Established in 2007, the FIA College Town initiative provides free memberships to students at Kettering University, University of Michigan-Flint, Mott Community College, and Baker College. Students receive many of the basic benefits, but receive no mailings. Instead they receive E-Newsletters updating them on general FIA activities and events and those designed specifically for College Town members. College Town memberships are made possible through the generous support of the Katharine B. Miner Trust and Mr. and Mrs. William Wentworth.

For a complete membership listing, please see pages 51–59.

## supporting groups

Each year, support groups donate thousands of dollars and volunteer hours to the Institute in support of exhibitions, art acquisitions, and programs. The Flint Institute of Arts is deeply grateful to the members of the Friends of Modern Art and the Founders Society for their generous support.

### Founders Society

#### Letter from the President

Susan Steiner Bolhouse

The membership of the Founders Society put in a year of hard work. As the State of Michigan and the greater Flint community struggled with the economic crisis, so did Founders; it was a lean year, but we were able to advance our support of the Flint Institute of Arts by continuing our friend raising and fund raising efforts.

The *First Frost* Art Fair brought new artists and visitors to the FIA and many positive comments. The quality and creativity represented at the booths were impressive and the *Festival of Trees* brought out the creativity of community members who donated and decorated. The success of this event allowed Founders to sponsor the exhibit *Las Artes de Mexico*.

For the second year, Founders' *Van Goghing, Going, Gone* auction was held with auctioneers Judy and Dan Landino. The anticipated revenue was not met, but with the funds raised from the auction and from participation in charity Texas Hold'em tournaments, Founders upheld its commitment to underwrite the bi-monthly *Members Magazine*.

Dictated by tradition and appreciation, Founders hosted its annual holiday luncheon for all FIA staff members, who generously assist and partner with Founders events.

Much time and energy were channeled into re-creating a more effective Art Sales and Rental Gallery. The outreach now includes website and eBay sales, and artists are always pleased to be represented in this space; it is expected that new, varied items will be added for sale.

Travel and Tours had a full trip to Tuscany in the fall, and destinations are being discussed for this coming year.

Recognition must be given to the members of Founders, who collectively gave over 2,600 volunteer hours to support our fiscal commitment of \$47,000 to the FIA; with their dedication to the arts, the coming year will certainly be profitable!

### Friends of Modern Art

#### Letter from the President

Christopher Kelly, Jr.

The Friends of Modern Art had a successful year. Our efforts were well-supported by our members, the FIA, and the local community and allowed us to continue our goal of supporting the FIA. In June, we presented the 42nd Annual Flint Art Fair. More than 11,000 people enjoyed a beautiful weekend of art, food, and music on the grounds of the Flint Institute of Arts. This year we featured over 150 artists from across the country, as well as three days of great music. Again this year, the entire event was very well-received by the local community, the media, and the artists.

FOMA was proud to continue to sponsor the FOMA Film Series. This is a wonderful opportunity to showcase great films from around the world that are often difficult to find in the local movie theater. In addition to the FOMA Film Series, we were also proud to help fund the FIA's own film series. Both were great successes with record attendance.

FOMA fulfilled its commitment to the FIA's Capital Campaign with the payment of our final installment. We were also proud to once again sponsor a FOMA corporate membership to the FIA's Rubens Society.

Lastly, we would like to thank all of the volunteers who make all of our efforts possible. Their hard and ongoing work is greatly appreciated. We look forward to continuing our great success over the next year.

## special events

The Flint Institute of Arts presented an active schedule of programs and events for members and the general public throughout the year. This included lectures with distinguished speakers, Friends of Modern Art art fair, Founders Society art fair, Founders Society art auction, beer and wine tastings, a golf outing, and three community galas. FIA members received invitations to attend opening events, which included special lectures and receptions for temporary exhibitions.

*Dr. and Mrs. Jack W. Thompson established the Thompson Lecture in 1991 to enable the FIA to present a distinguished speaker to the arts or humanities each year. The Thompson lecture series is one of the Institute's few members-only events and was established, in part, to attract new members to the Flint Institute of Arts.*

## Independent Auditor's Report

We have audited the accompanying statement of financial position of Flint Institute of Arts, a Michigan non-profit corporation, as of June 30, 2009 and the related statements of activity, functional expenses and cash flows for the year then ended. These financial statements are the responsibility of the Institute's management. Our responsibility is to express an opinion on these financial statements based on our audit. The prior year summarized comparative information has been derived from the organization's 2008 financial statements and, in our report dated December 16, 2008 we expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Flint Institute of Arts, as of June 30, 2009, and the changes in net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental financial information is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements, and in our opinion, it is fairly stated in all material respects in relation to the basic financial statements taken as a whole.
